Memories to last a lifetime

Imagine yourself in the enchanting land of your ancestors, strolling through a cozy village or maybe taking in a colorful festival. What if you were able to walk through the church or home in your ancestral village?

Family Tree Tours makes dreams like these come true. With our years of experience & our worldwide resource network, our European heritage professionals can plan the independent or group getaway that is perfect for you and your family. Experience the adventure of a lifetime at surprisingly affordable rates. Contact Family Tree Tours today for the best in genealogy trips!

How we help you

Do you like group travel?

Our “Heritage Sampler Tours” to Germany, Ireland, Switzerland, France or Sweden might just suit you to a tee.

Our group getaways are designed with an independent flair. Become a “temporary native” as our travelers immerse themselves in one “home base” town with day trips via rail, boat, or bus.

Group activities help you learn about the daily life of your relatives before they ventured across the ocean for America. Our English-speaking guides & historians help you build a complete picture of your ancestors’ background.

Most importantly, we arrange your visit to your ancestral hometowns, to top off a “trip of a Lifetime!”

Do you prefer to travel by yourself?

Then inquire about our “On Your Own Europe” ancestry travel packages

combining accommodations, rail pass or car rental, & research help. Before you depart for Europe, your “Genealogy Orientation Packet” provides you with what you want to know: a contact to meet you in your hometown and/or information on where to access family records, suggested day trips from your home base town, insider’s tips on the local culture with useful key foreign language phrases, public transportation options, & more. In short, our travelers are very well prepared. That is because Family Tree Tours is sure that thorough pre-departure preparation insures a worry-free, smooth trip.
